

Saurabh Tiwari

Frontend Developer | React.js Developer | MERN Stack Developer
+91 8948905711 | saurabh.t.vbspu@gmail.com | [LinkedIn](#) | [Portfolio](#) | [GitHub](#)

Professional Summary

Frontend / Full-Stack Web Developer with 1+ year of hands-on experience building responsive, production-ready web applications using React.js, Next.js, JavaScript, TypeScript, Tailwind CSS, and the MERN stack. Experienced in reusable UI components, REST API integration, performance optimization, cross-browser debugging, and live deployment on Vercel and Netlify. Built and contributed to real-time WebRTC applications, digital toolkit platforms, Chrome extension/tool sections, and inventory-based product interfaces.

Technical Skills

Languages: JavaScript, TypeScript, Java, HTML5, CSS3, SQL
Frontend: React.js, Next.js, Redux, Tailwind CSS, Material-UI, Bootstrap, Responsive Design
Backend: Node.js, Express.js, REST APIs, JWT Authentication, Socket.io, WebRTC
Database: MongoDB, MySQL, Database Design
Tools: Git, GitHub, npm, Vercel, Netlify, Postman, VS Code, CI/CD, Figma

Professional Experience

Frontend Developer

Sep 2025 – Present

Anslation

Gurugram, Haryana

- Promoted from Frontend Developer Intern to full-time Frontend Developer based on performance, ownership, and delivery quality.
- Made major frontend contributions to AltFTool, a live digital toolkit platform for online tools, Chrome extensions, software, games, and productivity resources.
- Built and improved the Tools & Extensions section and Inventory section with responsive UI, reusable components, and product/content listing flows.
- Converted product requirements and UI designs into clean, mobile-responsive interfaces using React.js, Next.js, TypeScript, and Tailwind CSS.
- Integrated APIs, fixed cross-browser UI issues, improved layout consistency, and optimized user-facing product sections for usability.

Web Developer Intern

May 2024 – Nov 2024

Prodigy InfoTech

Remote

- Developed responsive web applications using HTML5, CSS3, JavaScript, React.js, and modern frontend development practices.
- Built reusable UI components, implemented interactive pages, and improved mobile responsiveness across assigned development tasks.
- Strengthened Git, GitHub, debugging, deployment workflow, and clean frontend implementation skills.

Web Development Intern

Oct 2024 – Nov 2024

Microsoft Learn Student Ambassadors India

Remote

- Collaborated on responsive web interfaces using HTML, CSS, JavaScript, React.js, Node.js, and Python.
- Assisted in debugging, performance improvements, and frontend/backend feature implementation for real-world web projects.

Key Projects

AltFTool – Digital Toolkit Platform | *React.js, Next.js, TypeScript, Tailwind CSS*

[Live](#)

- Contributed to a live digital toolkit platform featuring online tools, Chrome extensions, software, games, and productivity resources.
- Worked on Tools & Extensions and Inventory sections, building responsive layouts, reusable cards, and product/content listing interfaces.
- Improved UI consistency, mobile responsiveness, and frontend quality for high-visibility product sections.

Alt+F Meet – Browser Meeting Room App | *React.js, WebRTC, Socket.io, Tailwind CSS*

[Live](#)

- Built a browser-based meeting room app with private rooms, WebRTC media, socket-based signaling, real-time chat, and screen sharing.
- Implemented pre-join camera/microphone flow, invite links, participant state, responsive video layouts, and network health indicators.
- Handled real-time room events, reconnect states, and user-friendly meeting controls for desktop and mobile users.

Omegal – Random Text and Video Room Platform | *React.js, WebRTC, Socket.io, Tailwind CSS*

[Live](#)

- Developed a random text/video room platform with queue-based matching, isolated private rooms, direct WebRTC media, and real-time chat.
- Implemented text mode, video mode, private signaling, next-partner flow, partner-disconnect handling, and live room state management.
- Designed a responsive live social interaction UI with clear session states and smooth real-time communication flows.

Education

Bachelor of Technology in Information Technology

Nov 2021 – Dec 2025

Veer Bahadur Singh Purvanchal University

Jaunpur, India | GPA: 7.0/10

Certifications & Achievements

GirlScript Summer of Code Contributor – Open-source contributor with practical Git and collaboration experience

Prodigy InfoTech Web Development Internship – Frontend and web development internship certification

Google GenAI & Cloud Certifications – Prompt Engineering, Large Language Models, Responsible AI, and Google Cloud Foundations

GeeksforGeeks Campus Ambassador – Community building, technical outreach, and student mentoring experience
